SUMMARY

BCA graduate and Software Developer with hands-on experience in ASP.NET, C#, SQL Server, VB.NET, JavaScript, HTML, CSS, and Bootstrap. Experienced in developing and maintaining web applications, implementing database-driven solutions, and building responsive user interfaces. Currently expanding expertise in MERN Stack technologies including MongoDB, Express.js, React.js, and Node.js. Strong foundation in software development, debugging, database management, and modern web technologies.

SKILLS

Programming Languages

- C#, Java, VB.NET, JavaScript, HTML5, CSS3
- Python (Basic)

Tools & Platforms

Git, GitHub, VS Code, Visual Studio

Frameworks & Technologies

- ASP.NET Web Forms, ASP.NET MVC, Bootstrap, React.js
- Tailwind CSS, Express.js, Node.js

Databases

SQL Server, MongoDB

Concepts

- CRUD Operations, Authentication & Authorization
- Responsive Web Design, REST APIs, Database Design

EXPERIENCE

Software Developer Intern, *Wainfo Technologies*

11/2025 – Present

- Developed and maintained full-stack web applications using ASP.NET and SQL Server, improving application performance and reliability
- Designed responsive and user-friendly interfaces using HTML, CSS, Bootstrap, and JavaScript, ensuring seamless cross-device compatibility
- Transitioned development workflows toward MERN stack technologies to improve scalability and modern UI performance
- Worked on ASP.NET and VB.NET-based applications while supporting maintenance and enhancement of legacy systems, gaining familiarity with VB6 development concepts.
- Implemented debugging, error handling, and optimized code practices to enhance system efficiency and maintainability

PROJECTS

Student Portal – Academy of Information Technologies [🔗](#)

- Developed a secure student portal with authentication, attendance tracking, and results management
- Built backend functionality using ASP.NET Web Forms and C# with SQL Server integration
- Ensured responsive design and smooth navigation for students and faculty
- Tech Stack: HTML, CSS, JavaScript, Bootstrap, ASP.NET, SQL Server
- Live: <https://aitaurangabad.com>

Genuine Hospital – Healthcare Website [🔗](#)

- Built a responsive hospital website with appointment booking and doctor profile management
- Designed intuitive UI to improve user engagement and accessibility
- Implemented interactive components for better user experience
- Tech Stack: HTML, CSS, JavaScript, Bootstrap
- Live: <https://genuinehospital.netlify.app>

LINKNETRA IT SYSTEMS – Workflow Platform [↗](#)

- Developed a platform for managing IT workflows, task tracking, and user management
- Built dashboards for monitoring performance and reporting insights
- Implemented secure authentication and smooth user experience
- Tech Stack: HTML, Tailwind CSS, JavaScript, Bootstrap
- Live: <https://linknetra.in>

ALMANNAN DECOR – Interior Design Website [↗](#)

- Developed a professional website showcasing services, portfolio, and contact features
- Implemented modern UI with animations and responsive design
- Enhanced user experience with smooth navigation and structured layout
- Tech Stack: HTML, Tailwind CSS, JavaScript, Bootstrap
- Live: <https://almanandecor.netlify.app>

Smart Restaurant Management System, Ongoing

- Building a full-stack MERN application for menu browsing, order placement, and real-time order tracking
- Implementing JWT-based authentication and role-based access control
- Integrating real-time communication between users, admin, and kitchen staff
- Designing scalable architecture for performance and usability
- Tech Stack: MongoDB, Express.js, React.js, Node.js, Tailwind CSS, JWT

EDUCATION

Bachelor of Computer Applications (BCA) Dr. Babasaheb Ambedkar Marathwada University	2021 – 2024
Higher Secondary Certificate (HSC) – Science 77.46%	2021
Secondary School Certificate (SSC) 48.62%	2019

ACHIEVEMENTS & CERTIFICATIONS

- **Google Cloud AI Certification** – Gained foundational knowledge of cloud computing, artificial intelligence, and Google Cloud technologies.
- **Cybersecurity Analyst Job Simulation** – Developed practical understanding of cybersecurity concepts, threat analysis, risk assessment, and security best practices.
- **Diploma in Software Development** – Completed a 12-month professional training program covering software design, application development, testing, debugging, and deployment.
- Developed and deployed multiple responsive web applications using **ASP.NET [↗](#), C#, SQL Server, JavaScript, Bootstrap, and modern web technologies** to address real-world business requirements.
- Utilized **AI-assisted development tools** to improve application design, streamline development workflows, enhance productivity, and accelerate project delivery.
- Maintained an active **GitHub portfolio** featuring well-documented projects, version-controlled code repositories, and continuous contributions focused on modern software development practices.
- Continuously expanding technical expertise in **MERN Stack (MongoDB, Express.js, React.js, Node.js)** and modern frontend technologies including **Tailwind CSS**.
